Description

Methods of testing urine for pus or mucus along with the acknowledgement that meat-eating produces more stones, p. 45.

Transcription

To know whether it is pus or mucus deposited

in the Urine add Lixivium__ if it is
Mucus it will dissolve it, but if pus makes
an Emulsion_ _ .. _
Children are more subject to Calculi from using
less Exercise and from a disposition to secrete
more mucus_

_____
An Animal Deit is more disposed to the
formation of Calculi than a Vegetable

Annotations
Lixivium
Alkaline salts derived from wood ash.
