Description

A concoction applied to prevent smallpox scarring.

Transcription

*To preserve the Face from being de-
formed by the Small-pox.*

Take an ounce and a half of po-
matum; of oil of almonds, one
ounce; of spermaceti and virgin's
wax, of each three drachms; of

damask rose water, one ounce; set them all together over the fire, and as soon as they are melted, take them off, let them stand then till they are cold, then make a hole, and drain out the water, and with a feather anoint the patient's face.
