Transcription

Cure of Cancer

Narrow leaved
dock root, used
as a Cure for the
Cancer_ certified
By Corn. C. Cuyler
Pastor of the
Reformed Church
at Poughkeepsie
State NYork
1815.

Take narrow leaved Dock root, boil it in soft water, wash the ulcer with the strong decoction warm as it can be borne, fill the cavity with liquor the liquor for two minutes then scrape the hulk of the root, bruise it fine, put it on gauze, and lay it over part of the ulcer, dip a linnin Cloth in the decoction and put that over the gauze; repeat this three times in twenty four hours; and at each time let the Patient take a wine glass full of the tea made of the Root with one third of a glass of Port wine sweetened with honey

Annotations
