Translation

Against Urinary Tract Stones

Take nettles with a red stem
and leaves also a bit red, Cut
this stem close to the earth, cut it,
and crush it as much as you
can make juice that the ill person
takes in the morning and the evening long after
eating, Every time take a 1/2 pint --
of English measure, you can take after
a glass of aged-white wine or
juniper: In 3 days, you will see
the stones in the chamber pot
continue this remedy for 15 days
and attend to your duties equally,
but without exposing yourself to the cold or
to the heat.
If you fall sick again, retake
without lost time the same remedy
